

ACN GRANTS and AWARDS

ACN funds and administers a number of grants that are available to members and fellows of ACN. This funding has been made available to ACN from benefactors, some of whom have nominated selection criteria for their awards. Applications generally open in February each year. Not all awards are offered each year

The College Consortium Fund – up to \$30,000

The research grant is available to registered nurses and midwives to conduct a research project that aims to improve access, equity, quality and outcomes in health care.

Applications from research collectives and multidisciplinary groups are encouraged.

- Eligibility: Principal investigator must be a member or fellow of ACN.
