Dear Ms White

Re: Consultation Draft - National Action Plan for Heart and Stroke

Thank you for contacting the Australian College of Nursing (ACN) last month regarding the Consultation Draft of the *National Action Plan for Heart and Stroke*. As the pre-eminent and national leader of the nursing profession, and a community of dynamic and passionate nurses, ACN welcomes opportunities to contribute to such important initiatives within the broader clinical community.

When developing our submission for this draft, we consulted our wide member base of nurse practitioners, registered nurses and enrolled nurses for their input.

The contents of the Consultation Draft are consistent with the views of our membership, and are therefore fully endorsed by the ACN.

We appreciate the hard work and devotion the Heart Foundation has demonstrated during the development of this Action Plan. If you have further enquiries regarding this matter, please don't hesitate to contact me at your convenience.

Yours sincerely,
