Dear Mr Down

Thank you for consulting the Australian College of Nursing (ACN) regarding the draft *Cataract Clinical Care Standard* paper last month. As the pre-eminent and national leader of the nursing profession, and a community of dynamic and passionate nurses, ACN welcomes opportunities to support these important initiatives within the broader clinical community.

Following consideration of the draft paper released by the Australian Commission on Safety and Quality in Health Care, ACN is pleased to officially endorse the proposed *Care Standard*. We appreciate the meticulous attention to detail and effort invested in the production of this document.

Accordingly, please feel free to publish our logo and endorsement on the Commission's website. We will also post the *Care Standard* on our website once the final version has been released towards the end of 2019.

If you have further enquiries regarding this matter, please don't hesitate to contact Carolyn Stapleton, Policy Manger, Carolyn.stapleton@acn.edu.au, at your convenience.

Yours sincerely,

Marina Buchanan-Grey
