

If you love nursing as much as we do join our community

The Australian College of Nursing (ACN) is the pre-eminent and national leader of the nursing profession and a community of dynamic and passionate nurses.

We support our members to be the best they can be by keeping them informed, connected and inspired.

We are committed to our intent of advancing nurse leadership to enhance health care and strongly believe that all nurses, regardless of their job title or level of seniority, are leaders.

By bringing together thousands of extraordinary nurses from across the country we build a strong, collective voice for nursing and command the respect and recognition our profession deserves.

"I love being a member of ACN because it provides me with opportunities to network both locally and nationally. Such experiences bring the nursing family together in support of each other to progress our profession and the needs of our communities."
