# Welcome!

The Australian College of Nursing (ACN) believes that each and every nurse in Australia should have the opportunity to grow their career and tap into their individual leadership potential. Leadership skills are vital to provide quality patient care and advocacy. Nurses with leadership skills are change makers.

If your organisation wants to support the professional growth of your nursing staff and the nursing profession, then becoming an **ACN Affiliate Partner** is a must. Through this initiative, your organisation can join forces with ACN and other organisations that share a passion about nursing and the role that nurses fulfil. Together we can strengthen the profession's collective voice to influence health care policy and enhance the health of the community. As an ACN Affiliate, your organisation has access to benefits that will support your nursing staff in their professional practice and help develop their leadership capability.
